Coursework

All courses for the Latin American Studies major or minor must be taken for a **letter grade**. The exception: LATI 199, which can only be taken 'P/NP', can be applied to the major/minor. As an interdisciplinary program there is a possibility that there may be a course with Latin American content offered through a department that is not on the approved course list. Should a student wish to take a course outside of the approved course list, they should contact you **before** the quarter begins for petitioning information.
